SPECIFIC— CARP Reports on DDR Political Happenings

Ref: EGQA-20298, EGBA-6387

1. Attached are two more C J reports which report on conferences allegedly held between the Russian High Commissioner and representatives of the DDR bourgeois parties and implying that a change in the DDR government is planned or imminent.

2. You'll note that the report on a meeting of NDP leaders with Semenov bears C J source designation B675/329, which is very close to the source number of the Frieded-Camlet-C J report on LDP leaders meeting with Semenov (B675/328) mentioned in reference dispatches. Interesting too, is that this C J report carries the letters IWE which may mean "Informationsbuero West", a not very reputable source if, in fact, it did come from there. (Bonn: Please query C J on these two points).
